# World Sepsis Day: 13 September 2017

# stop sepsis save lives

## Thanks to Our Supporters

The events for World Sepsis Day 2017 were more creative and engaging than ever. There were events for medical professionals, sport activities, photo exhibitions, pink picnics, gala events, dinners, and countless public events in hospitals and healthcare facilities on all continents.

A huge thanks to our dedicated supporters all over the world! We are already looking forward to see what they come up with in 2018 - and we hope you join in as well.

### WHA Adopts Resolution on Sepsis

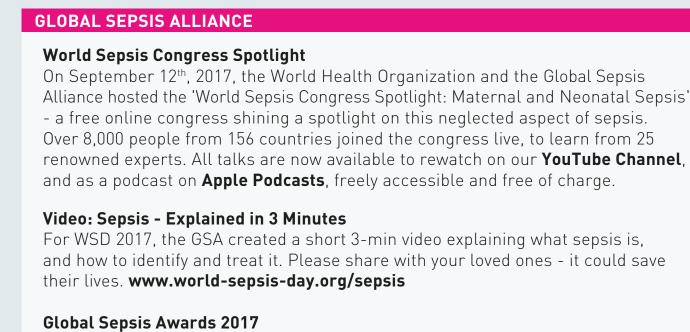

In May 2017, the World Health Assembly and the World Health Organization made sepsis a global health priority, by adopting a resolution to improve, prevent, diagnose, and manage sepsis. The resolution urges the 194 United Nation Member States to implement appropriate measures to reduce the human and health economic burden of sepsis. www.global-sepsis-alliance.org/resolution

### Sign the World Sepsis Declaration

Join our fight against sepsis.

Because low sepsis awareness is paid for with a high price: loss of life and and reduced quality of life.
